

CURRICULUM AND INSTRUCTIONAL MATERIAL

Review and development of the curriculum is necessary if the District is to meet the needs of the students. To be successful, curriculum development must be a collaborative enterprise involving faculty and administrators utilizing their professional expertise.

Under the direction of the Superintendent, the faculty and administration will regularly evaluate the curriculum and recommend modifications of practice and changes in curriculum content as well as the addition or deletion of courses to the instructional program.

Instructional materials appropriate to support the teaching of the curriculum must be available to each student and teacher. These will be furnished by the School Committee subject to budgetary constraints. Faculty will be involved in the selection of instructional materials. Final decisions will rest with school and district administration.

The Acton-Boxborough Regional School District curriculum will be consistent with the state curriculum frameworks.
